

THE GREATER STATE FAIR FOR 1911

The One Occasion and Place for Everyone to Meet.

ELABORATE PLANS MADE

The Railroads Offer Special Rates. Fine Attractions. Everything from Side Shows to Aeroplane Flights.

Columbia, October 10th. Special—The next event of State-wide importance is the State Fair, which is to be held in Columbia, beginning October 30th and ending November 3rd.

For more than forty years—two generations—this has been the one State fair in which all the people of the State have joined. In previous years it has not been so much the exhibit that have attracted the people from every part of the State as it has been the community of interests, so to speak, of the people of this State. There has been a general desire on the part of the people in one part of Carolina to meet and know more of the people in other sections and this is why they have come to the State Fair. Families have scattered all over the State and in the same time and place they have met in the State Fair. As the State has prospered so has the Fair. In its exhibits, year by year, better and better stock have come into South Carolina and it is at the State Fair that much of this enthusiasm is spread by the exhibition and sale of that which is best in cattle, stock, poultry and labor saving machinery. President J. Arthur Banks, a successful business man from St. Matthews, who is now President of the Association, and Secretary J. M. Catey are emphasizing these features of the exhibits and the applications for space already indicate all the exhibits that can be housed will be in Columbia.

The Fair Association has recently bought a large steel frame structure, which it is hoped will be in readiness for use for the approaching Fair.

For those who like racing, there will be fine horse races and to keep in thorough touch with the modern pace fine automobile races will be run.

On two days of the week there will be fine football games, on Thursday of Fair Week the Carolina-Clemson game is scheduled.

Special attractions will be provided at the State Fair each night of Fair Week.

President Banks has contracted to have a modern aeroplane make two flights each day and this ought to be a great attraction for those who have not yet seen this modern wonder.

The railroads being in thorough accord with the ideas and purposes of the State Fair have announced especially low rates for the round trip from all points, and those who do not come to Columbia for the State Fair to catch the political pulse, or to see their cousins or sweethearts will have ample to see in the 1911 exhibits that will be provided and which promise to be finer and more worth studying than ever before.

The dates of the State Fair are October 30th to and inclusive of November 3rd.

List of Premiums to be Awarded at Floral Fair.

1st \$3.00 for the best exhibit of eight cut blooms each a different variety. \$2.00 for second best in this class.

Helps the Farmer to Sell

THE FARMER was worried over the market reports. Cotton was rising. When it reached a certain figure he proposed to sell. The day before it had almost reached his price. What would it bring today?

The farmer needed first-hand information at once. He stepped to his Bell Telephone. The Long Distance connection with the buyer in a distant city informed him that cotton had reached the top figure, and he sold his crop at a handsome profit.

The Universal Bell System enables the producer in remote rural districts to keep in touch with market conditions without the necessity of leaving home.

By the way, have you a Bell Telephone?
